

QUALITY POLICY

Skybridge is committed to the ongoing achievement of quality at all levels of its divisions and has developed systems and procedures to ensure work practices reflect this commitment.

Skybridge is committed to:

- Achieving the highest standards of quality, and to fulfil our customer's expectations and needs, Skybridge will maintain and build upon its reputation and competitive position through the following procedures;
 - Implement and maintain systems and procedures which satisfy ISO9001 by allocating the necessary resources.
 - Meet or exceed the quality requirements of regulations and contractual specifications applicable to our work.
 - Continuously improve our systems by measuring our progress against defined targets and developing strategies to address areas of shortfall
 - Plan, manage and document our work activities in accordance with our systems and any additional customer requirements.
 - Perform work to a consistently high standard and promptly act upon any opportunities.
 - Foster a culture of continuous improvement through training and personnel involvement in developing better systems.
 - Provide a framework for quality, safety and environmental issues to be addressed and documented.

This policy shall be included in company induction and reviewed bi-annually by the CEO, in consultation with personnel.
