

## **ENVIRONMENTAL POLICY**

### **Aim**

Skybridge is committed to conducting our business in an environmentally aware and responsible manner. We seek the co-operation of our relevant workers and business partners in ensuring our organisational practices are conducted with minimal environmental impact.

### **Objective**

To work with relevant workers, contractors, visitors and business partners to achieve compatibility between economic development and the maintenance of the environment to minimise harm.

### **Policy**

Skybridge will endeavour to minimise impact on the following:

- Domestic and site-specific waste products
- Atmospheric emissions
- Site contamination and spills
- Noise Emission and Vibration impacts
- Damage to flora and fauna
- Storm water management
- Unnecessary energy consumption

To fulfil this commitment, Skybridge, will observe all environment laws and promote environmental awareness among all workers, to increase understanding of environmental matters.

We at Skybridge aim at achieving continual environmental improvement through implementing a management system with objectives and targets:

To minimise our environmental footprint  
by working with staff and other stakeholders  
through pollution prevention practices  
in compliance with legal and other requirements  
& be a *role model for others to follow*.
